

Credentials for Child Care Careers (C4) Grant

Program

1. Provide family and consumer sciences course series in which students earn a Child Development Associate (CDA) credential
2. Partner with a licensed child care center to provide service/practice hours for participating career and technical education (CTE) students

Curriculum

1. Access and use the state-approved curriculum aligned to the CDA credential
2. Provide hands-on service hours to participating students in completing the requirements for a CDA credential
3. Ensure Iowa Department of Health and Human Services child care licensing requirements are completed during the course work

Funding

- Grant funds available beginning July 1, 2024
- Expenses must align with the budget submitted in the approved application
- Budget modifications must be submitted and approved in IowaGrants
