## Background

Iowa Code section 256.11 subsection 16 grants authority to the State Board to maintain a list of approved independent accrediting agencies. Agencies on this list may accredit nonpublic schools.

During the March 2024 meeting, the State Board of Education directed the Iowa Department of Education (Department) develop and implement a review process for approved accrediting agencies. Agencies that have been approved for five or more years were asked to submit an application for Continuation as a Reliable Authority Concerning the Quality of Education Offered by a School to determine whether the organization is a “reliable authority concerning the quality of education” offered by an accredited nonpublic school.

The questions in the application have two purposes: (1) to determine the organization’s reliability in its accreditation authority, and (2) to determine the organization’s capability of helping schools maintain programs of acceptable quality. The deadline to apply to continue to be an approved independent accrediting agency to be placed on the state approved list was November 1, 2024. The applicant was notified via email the application was received before the deadline and was under review.

The American Montessori Society currently accredits two schools in Iowa.
