

Vendor Submitted Questions and Department Responses

The following questions were submitted in response to the Iowa Department of Education's [Request for Approval \(RFAP\): Early Mathematics Universal Screening and Progress Monitoring Assessments](#). See the RFAP webpage for additional information and timelines.

Question 1: When does the state anticipate districts to implement early mathematics (K-6) universal screening and progress monitoring assessment solutions?

Fall 2025

Question 2: Will districts be required to use assessments from this listing only?

For the purpose of meeting pending HF784, yes.

Question 3: Are supplemental and/or intervention programs eligible for submission under this RFAP?

The Early Mathematics Universal Screening and Progress Monitoring RFAP is for screening and progress monitoring assessments. The RFAP is not for supplemental and/or intervention programs.

Question 4: For this K-6 submission, will you approve a program that only covers partial grade bands, i.e., 3-6?

Yes

Question 5: Can you please provide the duration of this approved list?

To Be Determined

Question 6: How should vendors approach a table whose question requires more narrative explanation than space given?

The form is a Word document which allows the vendor to expand space within the submission tables. Please place the succinct responses to the question within the document. You may link to and reference citations from supporting documentation as requested.
