#### What is the intended benefit of the rule?

Iowa students pursuing postsecondary education programs at postsecondary schools will benefit from the rule as it provides postsecondary school requirements and consumer protections to help ensure integrity and accountability across the postsecondary landscape in Iowa. The rule also benefits postsecondary schools by providing the requirements for those seeking state authorization in Iowa.

#### Is the benefit being achieved? Please provide evidence.

The benefit of the rule is achieved, as each of the provisions intended to provide a benefit are illustrated within the rulemaking.

#### What are the costs incurred by the public to comply with the rule?

The costs to postsecondary schools are related to compliance, and those requirements are largely established in law. Postsecondary schools that are closing, closing an Iowa site, or closing a program may incur additional compliance costs which are intended to help protect Iowa students.

#### What are the costs to the agency or any other agency to implement/enforce the rule?

The costs to the Commission are related to reviews and corresponding action on state authorization applications, compliance monitoring and enforcement, providing technical assistance and, on occasion, corrective action – all of which has a statutory basis.

#### Do the costs justify the benefits achieved? Please explain.

The costs justify the benefits achieved. The consumer protections for Iowa students will be enforced, helping to ensure postsecondary school integrity and accountability for Iowa students.

#### Are there less restrictive alternatives to accomplish the benefit? ☐ YES ☒ NO

If YES, please list alternative(s) and provide analysis of less restrictive alternatives from other states, if applicable. If NO, please explain.

The Commission has not identified a more cost-effective alternative to ensuring the consumer protections in the rule are enforced and applied to Iowa students.

*“State authorization”* means the process by which a postsecondary school must seek the commission’s approval to operate in Iowa or offer a postsecondary course of instruction to Iowans through registration under chapter 261B or an exception to registration under section 261B.11. Postsecondary schools that are approved by the commission to operate in Iowa or offer a postsecondary course of instruction to Iowans shall receive an official written approval notification issued by the commission. This notification shall identify the institution by name as an educational institution.

**21.3(1) Registration.**

a. Qualifying postsecondary schools. A degree-granting postsecondary school whose operation is primarily outside of the state but who has a presence in Iowa or an Iowa originating postsecondary school that does not qualify for an exception under 261B.11 and who is accredited by an accrediting agency recognized and approved by the United States Department of Education or its successor agency, will register with the commission. A postsecondary school that qualifies for an exception from registration may voluntarily submit an application under rule 21.3(1). In addition, qualifying postsecondary schools that meet the following conditions must register to offer postsecondary education programs to Iowans:

(1) Provide distance education programs to Iowans in which the student participates in a structured field experience at a location in Iowa that is a required component of the distance education program.

(2) Compensate a party to recruit Iowans, the recruiter maintains an Iowa address, and the recruitment activities are not solely occasional or short-term events, such as college fairs or conferences.

b. Requirements: Qualifying postsecondary schools must submit information required in section 256.177(7), section 261B.4, and other information requested by the commission. The commission may require a qualifying postsecondary school to submit a new application if there is a change in ownership or governance or an amendment to an existing application. In addition, a qualifying postsecondary school must:

(1) Certify to the commission that it’s approval to operate in a state has not been revoked by the state, the qualifying postsecondary school has not been sanctioned by a state within a year prior to the date of its application, and the qualifying postsecondary school is not under investigation or bound by the terms of a judgment issued by a state’s attorney general or other enforcement authority. The postsecondary school will immediately notify the commission of any pending or final sanction by an accrediting agency, state entity, state attorney general, or other enforcement authority.

(2) Certify that it is not subject to a limitation, suspension or termination order issued by the United States Department of Education or its successor agency. The applicant postsecondary school shall provide the commission with a copy of the postsecondary school’s current program participation agreement with the United States Department of Education or its successor agency.

(3) Must employ at least one full-time Iowa faculty member or one program or student services coordinator at the Iowa location who is devoted to Iowa students if the postsecondary school operates a location or administrative office at a fixed location in Iowa.

(4) Provide the commission with institutional policies adopted by the postsecondary school that comply with the requirements of Iowa Code section 256.183(1) “e” to “h” and “k.”

1. For a program in which a student’s academic progress is measured only in clock hours, the postsecondary school shall provide a full refund of tuition and mandatory fees to a student who withdraws and who requests that benefit under Iowa

Code section 256.183(1)“g” for the payment period in which the student withdrew. The payment period is determined under rules promulgated by the United States Department of Education for the disbursement of federal Stafford loan funds.

(7) Provide documentation demonstrating that a program which prepares a student for an occupation that requires professional licensure in Iowa and which the postsecondary school proposes to offer under its registration:

1. Has been approved by the appropriate state of Iowa licensing agency and accrediting agency, if such approval is required, or,

2. Meet curriculum standards of the appropriate state of Iowa licensing agency such that the state of Iowa licensing agency does not require the student to complete additional coursework or practicum hours that the postsecondary school did not offer in its professional licensure preparation program.

(8) Have procedures for the preservation of student academic transcripts for a minimum period of fifty years from the point of withdrawal from or completion of the credential and publish contact information to be used by students and graduates who seek to obtain transcript information.<sup>1</sup>

(9) Provide a complaint process for students to file a complaint about the postsecondary school. The postsecondary school must prominently provide on its website the link to the commission’s web page for student complaints. (11) Commit to meet the provisions of 21.5 and to provide a teach-out plan or provide alternatives for students to complete their programs at other postsecondary schools and ensure students have continued access to their transcripts if the postsecondary school closes, discontinues a program, or closes an Iowa site before students have completed their program of study.

c. Limitations and denials.

A postsecondary school that does not participate in the postsecondary student financial aid programs authorized by the United States Department of Education demonstrates that its financial responsibility composite score is official by providing written confirmation of its composite score from its independent auditor. For postsecondary institutions owned and controlled by another entity, the relevant composite score will be the composite score of the parent entity, as identified by the United States Department of Education. A postsecondary school that fails to demonstrate a federal financial composite score of at least 1.0 for two successive years may be subject to restrictions on new Iowa enrollments, may be required to provide a teach-out plan pursuant to 21.3(1)(b)(11), or may be required to secure a letter of credit in an amount equal to ten percent of the tuition charged to Iowa residents during most recently completed fiscal year.<sup>2</sup>

(3) The commission may take action that includes, but is not limited to, limiting a postsecondary school’s program offerings or enrollment or denying or revoking the postsecondary school’s registration as a result of any of the following:

8. Other actions deemed by the commission as significant evidence that the postsecondary school should not be allowed to operate under this chapter.
