

Iowa is Delivering Remarkable Results!

Following Iowa's landmark early literacy legislation, we've seen an **11% increase** from third to fourth grade in English language arts.

Both English language arts and science have seen double-digit gains since 2019. Results have jumped by **11%** in literacy for eighth grade and **12%** in science for fifth and eighth grades

Results show an **increase of 7% in science** for 10th grade, following inclusion of science proficiency in the statewide accountability system.

Over **98%** of Iowa's nearly 38,000 full-time teaching positions were filled last year.

Chronic absenteeism in Iowa dropped significantly to **15.8%. The lowest in 6 years!**

Nearly **56% of Iowa schools** are performing in the top three of six rating categories, **up from 46%** of schools last year.

Nearly half of all Iowa seniors completed at least one work-based learning experience while in high school. This is an increase of over **76% in the last two years.**
