# The Society for Classical Learning Accrediting Agency Application to Become an Approved Independent Accreditor

## Background

Iowa Code section 256.11(16) grants authority to the State Board to maintain a list of approved independent accrediting agencies. Agencies on this list may accredit nonpublic schools.

Interested agencies are asked to apply for Initial Recognition as a Reliable Authority Concerning the Quality of Education Offered by a School to determine whether the organization is a “reliable authority concerning the quality of education” offered by an accredited nonpublic school.

The questions in the application have two purposes: (1) to determine the organization’s reliability in its accreditation authority, and (2) to determine the organization’s capability of helping schools maintain programs of acceptable quality. The deadline to apply to be an approved independent accrediting agency to be placed on the State Board approved list was September 2, 2025. The applicants were notified via email the application was received before the deadline and was under review.

## Application Review Process

The application review process included two readers. Each individual read all applications and utilized the scoring matrix aligned to the application. After individual readers reviewed and scored each application independently, readers discussed the application and came to a consensus on the application’s scores. The scoring matrix below indicates the scores assigned to The Society for Classical Learning.
