Executive Summary

The annual Iowa Community College Tuition and Fees Report provides information about tuition and fees charged at each of Iowa's 15 community colleges. This report also provides trends in tuition and fees among Iowa's community colleges, sources of general operating revenue and comparisons among states and institutions.

For fiscal year (FY) 2026, average in-state tuition for students attending Iowa's community colleges is \$211.15 per credit hour, a 2.9 percent increase from FY25. Average mandatory fees are \$16.97 per credit hour, an increase of 16 percent from last year. The average total in-state cost of enrollment (tuition plus fees) is \$228.12 per credit hour, which represents a 3.9 percent increase from FY25.

Tuition and fees accounted for approximately 48.6 percent of community colleges' unrestricted operating revenue during FY24, the latest year for which data is available. The percentage of tuition and fees included in the unrestricted operating revenue peaked in FY19, when it accounted for 51.3 percent of such revenue, and had gradually decreased since increasing again in FY24.

Nationally, provisional data from the Integrated Postsecondary Education Data System (IPEDS) shows Iowa's in-state cost of enrollment in FY23 (the latest year available) ranked in the 89th percentile. This indicates Iowa's average cost of enrollment was greater than or equal to 89 percent of community colleges in the nation. Regionally, Iowa had the second highest average cost of in-state enrollment (\$6,228), following South Dakota (\$7,547). IPEDS data also shows the average total in-state enrollment cost at Iowa's community colleges was 11.6 percent higher than the regional average (\$5,503.43) during FY24.

Iowa Code stipulates the highest tuition charged by Iowa's community colleges must be less than the lowest tuition charged at Iowa's public universities. In FY26, the highest community college in-state tuition for 24 credit hours (\$5,664) is 55.1 percent less than the lowest public university in-state tuition for the same number of credit hours (\$8,784).

Tuition and Fees

In-State (Resident) Tuition and Fees

Table 1 lists in-state tuition and fees for each community college during FY25 and FY26. The average in-state tuition and fees for this year is \$228.72 per credit hour, which is a 4.1 percent increase from last year. Iowa Western Community College has the lowest percentage increase in tuition and fees (1.7 percent) this fiscal year, whereas Hawkeye Community College has the highest percentage increase (4 percent).

The average in-state tuition for FY26 is \$211.75, which represents a 3.2 percent increase over last year. The maximum amount in mandatory fees increased from \$29 in FY25 to \$30 in FY26. The average amount in mandatory fees also increased from \$14.63 in FY25 to \$16.97 in FY26, representing a 16 percent increase.

Out-of-State (Non-Resident) Tuition and Fees

Table 2 lists out-of-state tuition and fees for each community college during FY25 and FY26. The average out-of-state tuition and fees for this year total \$261.89 per credit hour, which represents a 2.2 percent increase over last year. Indian Hills Community College had the smallest increase (0.0%) in their tuition and fees for out-of-state students this fiscal year, whereas Northeast Iowa Community College, had the highest change, with a 4.2 percent increase. Additionally, the average out-of-state tuition, not including fees, is \$247.13 per credit hour for FY26, a 2.2 percent increase from last year.

Other Out-of-State (Non-Resident) Tuition and Fees

With the approval from the Iowa Department of Education (Department), a community college may establish a tuition rate for eligible non-residents that is lower than its standard non-resident tuition. Under this provision, the Department has approved the following requests:

- Iowa Lakes Community College: \$226 per credit hour for students who are residents of Minnesota.
- Northwest Iowa Community College: \$218 per credit hour for students who are residents of Minnesota, Nebraska or South Dakota.
- Iowa Central Community College: \$221 per credit hour for non-Iowa residents with a 3.0 grade point average and above.
- Eastern Iowa Community College: \$230 per credit hour for students who are residents of adjacent Illinois counties.

Online Tuition

State policy allows community colleges to establish separate tuition rates for distance education courses delivered by the Iowa Community College Online Consortium (ICCOC), according to an agreement approved by the Department. Under this agreement, ICCOC sets tuition and fees for online courses on behalf of its members*. For FY26, ICCOC set tuition and fees ranging from \$218 to \$230 per credit hour. Community colleges not participating in the consortium set their own tuition and fees for online courses.

Mandatory Fees

Table 3 itemizes mandatory fees that are typically assessed per credit hour at each of Iowa's 15 community colleges. Mandatory fees do not include fees assessed for specific programs, such as nursing or welding.

Southeastern Community College increased its technology fees by \$3, which is a 35.2 percent increase from last year. Iowa Central Community College increased its student fees by \$5, a 26.32 percent increase from FY24. Iowa Lakes Community College decreased its mandatory fees by \$3, which is a 35.2 percent decrease from last year. Eight other community colleges made no net changes to their fee schedules. Four community colleges – Des Moines Area, Eastern Iowa, Indian Hills and Kirkwood – continued to assess no mandatory fees per credit hour.

Among colleges that do assess mandatory fees per credit hour, Western Iowa Tech Community College has the highest fees (\$29 per credit hour), and Hawkeye Community College has the lowest (\$7 per credit hour). Although Kirkwood Community College has no mandatory fees per credit hour, the college does assess a \$50 technology fee per semester. In addition to a \$25 student fee per credit, Northeast Iowa Community College charges a \$16 technology fee per course.

**The following community colleges are members of ICCOC: Eastern Iowa, Iowa Lakes, North Iowa Area, Northwest Iowa, Southeastern, Southwestern and Western Iowa Tech.*

Cost of Enrollment

The sum of tuition and mandatory fees defines the cost of enrollment per credit hour. This cost does not include variable expenses such as books, room and board, transportation or other additional fees. The average in-state cost of enrollment per credit hour for FY26 is \$228.72 (see Table 1). Among Iowa's 15 community colleges, Des Moines Area Community College (\$201), Western Iowa Tech Community College (\$213), and Kirkwood Community College (\$221) have the lowest costs of enrollment per credit hour. Des Moines Area Community College and Kirkwood Community College do not assess mandatory fees, which helps minimize costs. By comparison, Northwest Iowa Community College has the highest cost of enrollment per credit hour (\$243), followed by Iowa Valley Community College (\$236) and Iowa Central Community College (\$235) and Iowa Western Community College (\$235). Based on the per-credit hour tuition and fees rate, a full-time Iowa resident will pay between \$6,030 and \$7,290 for 30 semester credit hours in FY26, depending on which community college the student attends. Total average cost of in-state enrollment at an Iowa community college increased \$8.94 (4.1 percent) per credit hour from FY25.

Concurrent Pricing

Concurrent enrollment is defined as credit hours earned when a high school student is taking a college course for both high school and college credit. The Department of Education collects the enrollment pricing data annually. Iowa code articulates that concurrent enrollment pricing is agreed upon via a contractual agreement between each community college and district they serve (Iowa Code Section 261E.8). This table outlines concurrent enrollment prices as negotiated for academic year 25-26 by course modality. Iowa Lakes Community College reports the lowest estimated cost per credit hour at \$42.20, while North Iowa Area Community College has the highest estimated cost at \$113.38 per credit hour. For community college faculty teaching online courses, Northeast Iowa Community College has the lowest estimated cost per credit hour at \$65, followed by Eastern Iowa Community College at \$138. Hawkeye Community College reports the highest estimated cost in this category at \$138. With respect to courses taught at the lowest overall rate, Northeast Iowa Community College again has the lowest cost at \$124.40 per course, whereas Hawkeye Community College has the highest charge at \$227 per course.

Revenue Sources

Primary revenue sources for public community colleges in Iowa are public funds (local, state and federal) and tuition and fees, with tuition and fees accounting for the largest proportion. During FY24, the latest year for which data is available, tuition and fees accounted for 48.6 percent of total general operating revenue.

Figure 1 illustrates how tuition and fees have fluctuated since FY19, in response to changes in funding from public and other sources. During FY19, tuition and fees accounted for 51.3 percent of total general operating revenue. This percentage has gradually decreased over subsequent years, then increased again in FY24.

Figure 1

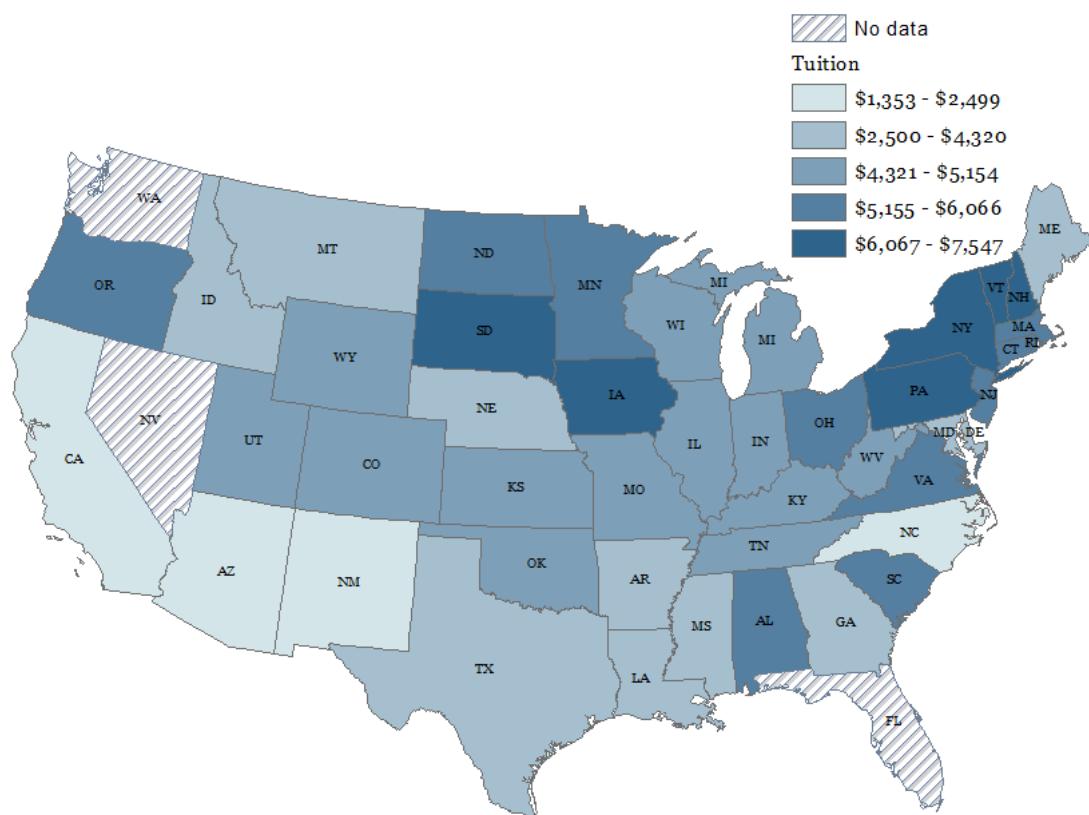

National

According to IPEDS data, the average annual in-state total cost of enrollment in Iowa during FY24 was \$6,228, placing Iowa in the 87th percentile. This means Iowa's average annual in-state total cost of enrollment was greater than or equal to 87 percent of all reporting states. The national average was \$4,779.

Figure 2 shows a color-range distribution of average total in-state costs of enrollment for 30 semester hours in FY24 by state. Darker colors represent higher costs of enrollment. South Dakota (\$7,547), New Hampshire (\$7,049) and Pennsylvania (\$6,920) had the highest average total costs of in-state enrollment. By comparison, California (\$1,353), New Mexico (\$2,199) and Arizona (\$2,314) had the lowest averages.

Figure 2

Regional

Provisional 2024 data from IPEDS [1], included in Table 5, shows Iowa had the second-highest average cost of in-state enrollment in the region (\$6,228), following South Dakota (\$7,547). Nebraska (\$4,129) and Illinois (\$4,617) had the lowest regional averages.

Institutional

Iowa Code section 260C.14(2) states, “Tuition for residents of Iowa shall not exceed the lowest tuition rate per semester, or the equivalent, charged by an institution of higher education under the state board of regents for a full-time resident student.” Table 6 illustrates Iowa’s compliance with this requirement. In FY26, the highest tuition per credit hour at Iowa community colleges (\$236) is 43.2 percent lower than the lowest base tuition at Iowa’s public universities (\$366).
