Tuition Comparison within the Iowa Community Colleges

Table 1 demonstrates how the average annual tuition for Iowa Community Colleges continues to become more uniform across the state. Iowa code limits the total tuition for Iowa residents attending community colleges so as not to exceed the lowest tuition rate per semester charged by a regent institution for a full-time resident student.

- Since 1996, the difference from the highest annual tuition to lowest annual tuition has decreased from \$600.00 in fiscal year 1996, to \$420.00 in fiscal year 2005.
- Over this period of time, the highest annual tuition increased \$1,050.00 or 54.69% while the lowest annual tuition increased \$1,230.00 or 93.18%.
- The total increase in annual full-time average tuition from fiscal year 1996 to fiscal year 2005 is \$1,141.00 or 70.74%.

- (1) Semester credits for three 12 week terms. Eight credits per term equals 12 per semester. (10/term equals 15/sem.)
- (2) State Average Fees were calculated differently than in previous reports. The calculations above were performed as follows:
 - a) Iowa Valley MCC & ECC were combined and an average was calculated for the college
 - b) All college's that charged fees were combined for a grand total of fees charged.
 - c) The total of fees charged was divided by the number of college's charging fees to arrive at a state average fee.
- (3) Tuition increase only.
- (4) Fees were misstated at \$357.50 for 15 Credits in the previous report. Restated the correct amount of \$413.50.

Note: Not all fees charged by a college are included in the above calculations. The above calculations only include the fees charged per semester hour that apply to all students. Other fees may be charged including fees for labs and fees for special classes (correspondence, internet, etc).

(1) Indian Hills charges a \$20 per term fee rather than a per credit hour fee. For the purpose of this comparison, the \$20 per term fee was multiplied by 3 terms (30 hours - 10 hours per term). The tuition for 30 hours was added to the fees for 3 terms and that total was divided by 30 hours to arrive at the per credit hour tuition and fees charged.
