Preface

Iowa Code section 275.1, unnumbered paragraph 2, states that, “. . . The area education agency boards shall develop detailed studies and surveys of the school districts within the area education agency and all adjacent territory for the purpose of providing for reorganization of school districts in order to effect more economical operation and the attainment of higher standards of education in the schools. The plans shall be revised periodically to reflect reorganizations which may have taken place in the area education agency and adjacent territory.” The purposes of this publication are to comply with those mandates relative to reorganization planning, to provide assistance to the officials and citizens of school districts contemplating school district reorganization, and to assist the area education agency board of directors in the event it is presented a reorganization petition.

The plan is intended to provide general guidance to the AEA board of directors as it acts upon reorganization petitions, and the provisions of the plan are not expected to be binding upon the AEA board. The board reserves the right to base its future actions upon conditions as they develop and upon new information as it becomes available.

Chapter One

Code Summary

The purpose of this chapter is to assist those who read and use this publication by summarizing the provisions of Chapter 275 of the Code of Iowa that relate to the mandated area education agency (AEA) reorganization plans. However, it is not intended for reading of this narrative to take the place of direct examination of the Code or consultation with an attorney. The first part of the chapter offers general background about the contents of Code Chapter 275, and the next three sections summarize portions of Code Chapter 275 that most specifically relate to the AEA reorganization plans. The fifth part lists the titles of the sections of Code Chapter 275 that most directly address the reorganization plan.

General Background.

Chapter 275 of the Code of Iowa, along with a few minor references in other chapters of the Code, address the topic of school district reorganization. The terms reorganization, consolidation, and merger seem to be used interchangeably; although reorganization is in the Code chapter title and it is the most common. The word reorganization is used in this publication.

On July 1, 1975, the 15 area education agencies replaced the county boards of education, and they inherited the school district reorganization governance role. The AEA responsibilities can be placed into two broad categories. The first includes the area reorganization plan, and the second is the governance of the petition process. It is important to note that the AEAs have no responsibilities or capacities for initiating the reorganization process, or in any way causing a reorganization. The decisions to start a reorganization effort through a petition is a decision of the local district residents. The eventual reorganization election decision is also within the realm of local district voters. The AEA's role in the reorganization process is to govern the activities that take place from the submission of the reorganization petition through the reorganization election. The AEA has some post-reorganization responsibilities, but they are more "housekeeping" in nature.

The Code contains three general methods for school districts to change their boundary lines. The first, and predominant method is the petition process in Code Chapter 275. The others are the dissolution method embodied in Code Sections 275.51 through 275.56, and the concurrent action method of changing boundaries as cited in Section 274.37. The AEA has no authority for dissolution, but concurrent action by two local school boards to change their boundaries may be disapproved by the respective AEA board or boards of directors.

Code Chapter 275 can be categorized into two broad areas, plus numerous lesser topics. The first is the AEA reorganization planning component, and the second is the reorganization petition process. Among the other topics in the chapter are the school

dissolution process, school redistricting following decennial census, and changes in director district boundaries and numbers. This publication is limited to the AEA reorganization planning.

Three general concepts come together as the AEAs develop and use their reorganization plans:

- Code Chapter 275 begins with the mandate that area education agencies develop reorganization plans. Such plans must be developed whether or not any school districts expect to reorganize, or could potentially reorganize.
- School districts initiate the reorganization effort through the petition process. The petitions may be based upon the AEA reorganization plans, or they may be different than the plans. If they are different, the petitions must request the AEA to change its plans.
- When the AEA receives petitions, it must compare the petitions to the plans. If the petitions do not comply with the plans, the AEA board shall conduct further surveys.

The terms plans, surveys, and studies are used throughout Code Chapter 275. There seems to be little distinction among them. This publication uses the terms that are associated with the concepts being described.

Summary of Plan Development.

1. The AEA shall develop detailed studies and surveys.
2. The surveys and studies shall be of the school districts within the AEA and all adjacent territory.
3. The plans shall be revised periodically to reflect reorganization which may have taken place.
4. The scope of the studies and surveys shall include:
 - a) the adequacy of the educational program.
 - b) pupil enrollment.
 - c) property valuation.
 - d) existing buildings and equipment.
 - e) natural community areas.
 - f) road conditions.
 - g) transportation.
 - h) economic factors.
 - i) individual attention given to the needs of students.
 - j) opportunity of students to participate in a wide variety of activities.
 - k) other matters that may bear on educational programs meeting minimum standards required by law.
5. The plans shall also include suggested alternate plans that incorporate the school districts in the area education agency into reorganized districts that meet the enrollment standards specified in Section 275.3. Section 275.3 lists 300 students as the minimum size for the formation of a new district. That 300 enrollment is incorporated into this planning provision, and it requires the AEA boards to suggest alternate plans for those districts under the 300 level.

6. The plan may include alternate plans proposed by school districts for sharing programs as an alternative to school reorganization.
7. In developing studies and surveys the AEA board:
 - a) shall consult with school officials and other citizens.
 - b) from time to time hold public hearings.
 - c) may employ research and other assistance to properly carry on its survey.
 - d) shall consult with the director of the Department of Education.
 - e) may request assistance from the director of the Department of Education.
 - f) shall adopt and transmit completed plans to the director of the Department of Education.

Summary of Petition Conforming to Plans.

1. A reorganization petition shall contain a description of the area included in the proposed district.
2. The description shall conform to the AEA reorganization plan, or the petition shall request the plan to be changed.
3. It is also required that the provisions relating to studies, surveys, hearings and adoption of plans shall constitute a mandatory prerequisite to the effectuation of any proposal for district boundary change. It shall be the mandatory duty of the area education agency board to dismiss the petition if the above provisions are not complied with fully.

Summary of Changing Plans.

1. Following the receipt of a petition, the area education agency board shall review its plans and determine whether the petition complies with the plan.
2. If the plan does not comply with the petition, the board shall conduct further surveys.
3. If the petitions are being considered at a hearing conducted by a joint board of more than one area education agency, the joint board shall determine if the petition conforms to plans.
4. If the petition requests a change of plans, the joint board shall determine whether a change should be made in any or all of the plans of the AEAs affected by the petition.

Chapter Two

Records of AEA 10 Reorganization Plans and Activities

As noted in the preceding chapter, the development of area education agency reorganization plans, the revision of the plans, and the use of the plans during the reorganization petition process, all require certain actions to be taken by the AEAs and their boards of directors. The purpose of this chapter is to maintain a set of records that chronicles such actions by Grant Wood Area Education Agency 10.

The records are in the form of a set of loose-leaf inserts, which may be revised as actions are taken and conditions change. Following is a list of inserts:

- Insert 01 Adoption of Plans and Revisions of Plans.
- Insert 02 Approval of Changes.
- Insert 03 Transmittal of Plans to the Director of the Department of Education.
- Insert 04 Further Surveys.
- Insert 05 Assistance from the Director of the Department of Education.
- Insert 06 Public Hearings.
- Insert 07 Passed Reorganization Elections.
- Insert 08 Dismissed Reorganization Petitions and Failed Reorganization Elections.
- Insert 09 Certification of Dissolution Commissions.
- Insert 10 Boundary Lines Changed by Concurrent Action.
- Insert 11 Joint Board Actions.

If further surveys have been conducted by the board, the board shall present the results of the further surveys at the hearing upon the petition.”

The further surveys are attached to the area education plan as parts of Appendix C. The attachments of such surveys do not automatically indicate approval by the area education agency board of directors. The further surveys record includes those that were conducted or commissioned by the AEA, and those conducted by or commissioned by the school districts affected. The record of further surveys contains those that were presented at hearings upon petitions and those that were prepared in anticipation of petitions that did not materialize. Out of date further surveys, and those conducted for established reorganized districts were deleted from the record and from Appendix C.

Studies and surveys relating to the planning of joint districts shall be filed with the area education agency in which one of the districts is located which has the greatest taxable property base. In the case of controversy over the planning of joint districts, the matter shall be submitted to the director of the department of education. Judicial review of the director's decision may be sought in accordance with the terms of the Iowa administrative procedure Act, chapter 17A. Notwithstanding the terms of that Act, petitions for judicial review must be filed within thirty days after the decision of the director. "Joint districts" means districts that lie in two or more adjacent area education agencies.”

Section 275.16, unnumbered paragraph 1: “If the territory described in the petition for the proposed corporation lies in more than one area education agency, the agency administrator with whom the petition is filed shall fix the time and place for a hearing and call a joint meeting of the members of all the agency boards in which territory of the proposed school corporation lies, to act as a single board for the hearing of the objections, and a majority of members of each of the agency boards of the different agencies in which any part of the proposed corporation lies, constitutes a quorum. The president of the board of directors of the area education agency in which the petition has been filed, or a member of the board designated by the president, shall preside at the joint meeting. The joint boards acting as a single board shall determine whether the petition conforms to plans or, if the petition requests a change in plans, whether a change should be made, and may change the plans of any or all the area education agency boards affected by the petition. The joint board shall determine and fix boundaries for the proposed corporation as provided in section 275.15 or dismiss the petition. The joint board may continue the hearing as provided in section 275.15.”

Suggested Alternate Plans

Iowa Code References:

Section 275.2: SCOPE OF SURVEYS.

“The scope of the studies and surveys shall include the following matters in the various districts in the area education agency and all districts adjacent to the area education agency: the adequacy of the educational program, pupil enrollment, property valuations, existing buildings and equipment, natural community areas, road conditions, transportation, economic factors, individual attention given to the needs of students, the opportunity of students to participate in a wide variety of activities related to the total development of the student, and other matters that may bear on educational programs meeting minimum standards required by law. The plans shall also include suggested alternate plans that incorporate the school districts in the area education agency into reorganized districts that meet the enrollment standards specified in section 275.3 and may include alternate plans proposed by school districts for sharing programs under section 28E.9, 256.13, 280.15, 282.7, or 282.10 as an alternative to school reorganization.”

Section 275.3 MINIMUM SIZE.

“No new school district shall be planned by an area education agency board nor shall any proposal for creation or enlargement of any school district be approved by an area education agency board or submitted to electors unless there reside within the proposed limits of such district at least three hundred persons of school age who were enrolled in public schools in the preceding school year. Provided, however, that the director of the department of education shall have authority to grant permission to an area education agency board to approve the formation or enlargement of a school district containing a lower school enrollment than required in this section on the written request of such area education agency board if such request is accompanied by evidence tending to show that sparsity of population, natural barriers or other good reason makes it impracticable to meet the school enrollment requirement.”

Overview of Plans

Iowa Code section 275.2, in part, requires that, “The plans shall also include suggested alternate plans that incorporate the school districts in the area education agency into reorganized districts that meet the enrollment standards specified in section 275.3 and may include alternate plans proposed by school districts for sharing programs under section 28E.9, 256.13, 280.15, 282.7, or 282.10 as an alternative to school reorganization.” Iowa Code section 275.3, in part, notes that, “No new school district shall be planned by an area education agency board nor shall any proposal for creation or enlargement of any school district be approved by an area education agency board or submitted to electors unless there reside within the proposed limits of such district at least three hundred persons of school age who were enrolled in public schools in the preceding school year.” Grant Wood Area Education Agency 10 (AEA 10) currently has one district below an enrollment of 300, as noted in the following table:

Districts with Less than 300 Enrollment

District	October, 2011 Enrollment *
Olin Consolidated	214.9

* Most current enrollment as of date revision of plan is being written.

The purposes of the overview section of this plan are to comply with the mandate relative to enrollment size as stated in Iowa Code section 275.2 to provide assistance to the officials and citizens of school districts contemplating school district reorganization, and to assist the area education agency board of directors in the event it is presented a reorganization petition. Alternate reorganization proposals have been prepared for the districts that have less than 300 students.

This section of the plan lists principles that the AEA board of directors will consider as it acts upon reorganization petitions presented to it and as it enters the order “fixing boundary lines.” These principles will apply to petitions presented by districts with less than 300 students, and they will apply to districts with more than 300 students that may be included in a reorganization petition.

A. Overriding reorganization principles.

As the Grant Wood Area Education Agency 10 board of directors works with the reorganization process it embraces three overriding principles:

1. School district reorganization is a local issue. The decision to begin the process by circulating a petition is the sole responsibility of the district’s citizens and elected officials. The ultimate decision to vote for or against a reorganization proposal is within the realm of the registered voters of the districts involved.
2. The Code of Iowa, specifically Chapter 275, requires the area education agency and its board of directors to assume stated responsibilities and authorities. In general terms, those mandates relate to the development of the area education agency reorganization plan; relate to the governance of the petition process from the time the administrator is presented with

such petition, to the AEA board of directors' order to approve or disapprove an election; and relate to several other narrower responsibilities, such as the acceptance of a certification that a dissolution commission has been formed. The area education agency and its board of directors will be limited to those actions required by the Code, and to assistance that is specifically requested by the local districts which will not be in potential conflict with the mandates of the petition process.

3. The board of directors views the merger of school districts as the union of public business entities. The AEA encourages the local residents and boards of directors to determine if reorganization will result in improved services and programs, an enhancement in the efficiency and economical operations of the district or districts, and an increase in the value of the district or districts as assets to the residents of the communities and territories they serve. As required by Chapter 275 of the Code of Iowa, Grant Wood Area Education Agency 10 "shall, insofar as possible, authorize submission of proposals to the electors as they are developed and approved."

B. Petition and boundary line principles.

When acting upon reorganization petitions that may be presented to it, the area education agency board shall consider the following principles. These tenets are not stated in order of importance, and other factors may be considered.

1. The Grant Wood Area Education Agency board encourages the local boards of directors to:
 - thoroughly study the reorganization conditions before submitting a proposal to the AEA;
 - involve the community in the study and decision making process through the formation of citizens committees, open forums for the purpose of disseminating information, and group and personal contacts for obtaining citizen input; and
 - explore all options connected with the possible reorganization.
2. Reorganization studies and surveys shall be comprehensive, and they shall help determine whether the proposed district:
 - will have reasonable long-term stability;
 - will be able to comfortably meet the minimum educational standards required by the State of Iowa;
 - will be able to operate in an economical and efficient manner;
 - will have adequate facilities for the combined student body or have a plan for the development of adequate facilities;
 - will form a reasonable geographic entity considering the outline of the territory, and the locations of the students, the municipalities, and the school structures;
 - has demonstrated the compatibility of the existing individual units through sharing agreements and other forms of cooperation; and
 - will satisfy the "matters" expressed in Iowa Code section 275.2.
3. When acting upon objections that request property to be removed from a proposed reorganization, the area education agency board will adhere to the mandates of Iowa Code section 275.15, unnumbered paragraph 2. As it rules upon the exclusion of territory, the decisions of the board, "shall represent a balance between the rights of the objectors and the welfare of the reorganized district."

The Grant Wood Area Education Agency 10 board of directors recognizes that each reorganization petition situation is unique. At the deliberation upon the petition, the board will first examine the petition according to the principles established in this plan. However, the board reserves the right to add to those principles or detract from them as is warranted by each circumstance.

C. Suggested alternate plans.

The Grant Wood Area Education Agency suggested alternate plan for Olin Consolidated School District is for the district to merge with a contiguous school district: Anamosa Community School District, Midland Community School District, or North Cedar Community School District or any combination of these districts. The current plan recognizes Olin will enter into a whole-grade sharing arrangement with Anamosa Community School District.

Petitions filed by any of the above listed districts, by other districts in AEA 10, or by a district in AEA 10 jointly with a district in a contiguous area education agency, shall be presented and written in accordance with the provisions of the Code of Iowa. If necessary, such petition shall request a change in the AEA's reorganization plan, and the request will be considered at the hearing on the petition.
