Note: The 5-year grant award period of budget and performance begins July 1, 2026 and ends June 30, 2031.

The 21st Century Community Learning Centers grant provides Title IV, Part B funds to start or expand quality out-of-school time programs offered before school, after school and during academic breaks. There is an expectation that community partnerships will provide initial support and that partnerships will increase to sustain these programs when the grant period ends. Iowa conducts a risk assessment for all grantees before any initial award and continues risk assessment monitoring throughout the grant cycle, as required by 2 CFR 200.331(b). These awards are for direct services to children, not research and/or development (R&D).
