

Title III, Part A Guidance

English Language Acquisition, Language Enhancement, and Academic Achievement Act

Introduction

In 2015, the Every Student Succeeds Act (ESSA) was signed into law, which reauthorized the Title III, Part A (Title IIIA) grant program under the Elementary and Secondary Education Act (ESEA). Title IIIA is officially known as the English Language Acquisition, Language Enhancement, and Academic Achievement Act and consists of two subgrant programs: English learners (ELs) and immigrant children and youth. Both subgrant programs aim to ensure that ELs, including immigrant children and youth, attain English language proficiency and meet the same challenging State academic standards that all students are expected to meet. The purpose of this guidance is to provide eligible entities with Title IIIA program information and requirements.

Background

ELs are among the fastest-growing populations in our nation's schools. In the school year 2019-20, ELs comprised over 10 percent of the student population nationwide, according to the U.S. Department of Education's (ED) Office of English Language Acquisition. Iowa's EL population is currently over six percent and growing, as reported by the Iowa School Performance Profiles for 2023. With this in mind, regardless of EL enrollment in a local education agency (LEA), all Iowa LEAs need to be prepared to serve ELs, including immigrant children and youth (see the following Subgrant Requirements and Recommended Actions section for more information).

ELs are a widely heterogeneous group, bringing a depth of linguistic and cultural assets to the schools in which they are enrolled. Despite these assets, there are significant academic achievement and opportunity gaps between ELs and their non-EL peers. ELs tend to be underrepresented in gifted and talented programming, extracurricular activities, and high-level courses and often are over- or under-identified for special education services. While ELs face such challenges, they can achieve English proficiency and achieve success academically with effective, evidence-based support and access to excellent educators.

Purposes

The purposes of Title IIIA are as follows:

- Help ensure that ELs, including immigrant children and youth, attain English proficiency, and develop high levels of academic achievement in English;
- Assist all ELs, including immigrant children and youth, to achieve at high levels in academic subjects so that all ELs can meet the same challenging State academic standards that all children are expected to meet;
- Assist teachers (including preschool teachers), principals and other school leaders, state educational agencies, LEAs, and schools in—
 - In establishing, implementing, and sustaining effective language instruction educational programs designed to assist in teaching ELs, including immigrant children and youth;
 - To develop and enhance their capacity to provide effective instructional programs designed to prepare ELs, including immigrant children and youth, to enter all-English instructional settings; and
- Promote parental, family, and community participation in language instruction educational programs for ELs' parents, families, and communities (ESEA § 3102).

Allocations and Subgrants

The Iowa Department of Education (Department) calculates and allocates Title IIIA funds to subgrantees based on the number of ELs and immigrant students in Iowa and by the number tested on the annual English language proficiency assessment (ELPA21). Ninety-five percent of the apportionment is allocated as Title IIIA subgrants to eligible entities serving ELs and immigrant students (ESEA § 3111(b)(1)).

English Learner Subgrants

LEAs that qualify for a single Title IIIA—EL subgrant must:

- Generate a minimum of \$40,000;
- Annually complete and submit a program application plan;
- Have an approved plan for funds allocated for that fiscal year; and
- Meet evaluation and reporting requirements (ESEA §§ 3114(a), 3115(a), & 3121(a)-(b)).

LEAs generating less than \$40,000 must access Title IIIA funds by participating in a Title IIIA consortium.

Immigrant Student Subgrants

Subgrantees who qualify for a Title IIIA—Immigrant subgrant must show substantial increases in immigrant children and youth compared to the average of their immigrant student counts from the previous two years. Immigrant children and youth are not born in any state and have not been attending one or more schools in any one or more states for more than three full academic years (ESEA §§ 3111(3)(b) & 3201(5)).

Subgrant Requirements

To receive a Title IIIA subgrant, the eligible entity must complete a list of requirements in the [Consolidated Application for ESEA Title Programs](#), which is located in the Consolidated Accountability and Support Application’s (CASA). Among these requirements, the eligible entity must submit cross-program assurances that they maintain and annually review the EL provision of services plan (e.g., Lau Plan) to [Ensure English Learner Students Can Participate Meaningfully and Equally in Educational Programs](#) and to comply with [Iowa Administrative Code chapter 281–60](#),¹ a program application by October 15 of each year, and reimbursement claims each quarter. ² Iowa includes information on the number and percent of ELs making progress toward English proficiency on its Iowa Performance Profiles accountability webpage. Section 1111(h)(1)(C)(iv) further requires that State report cards include information on the number and percent of ELs achieving English proficiency.

Supplement, Not Supplant, Requirement

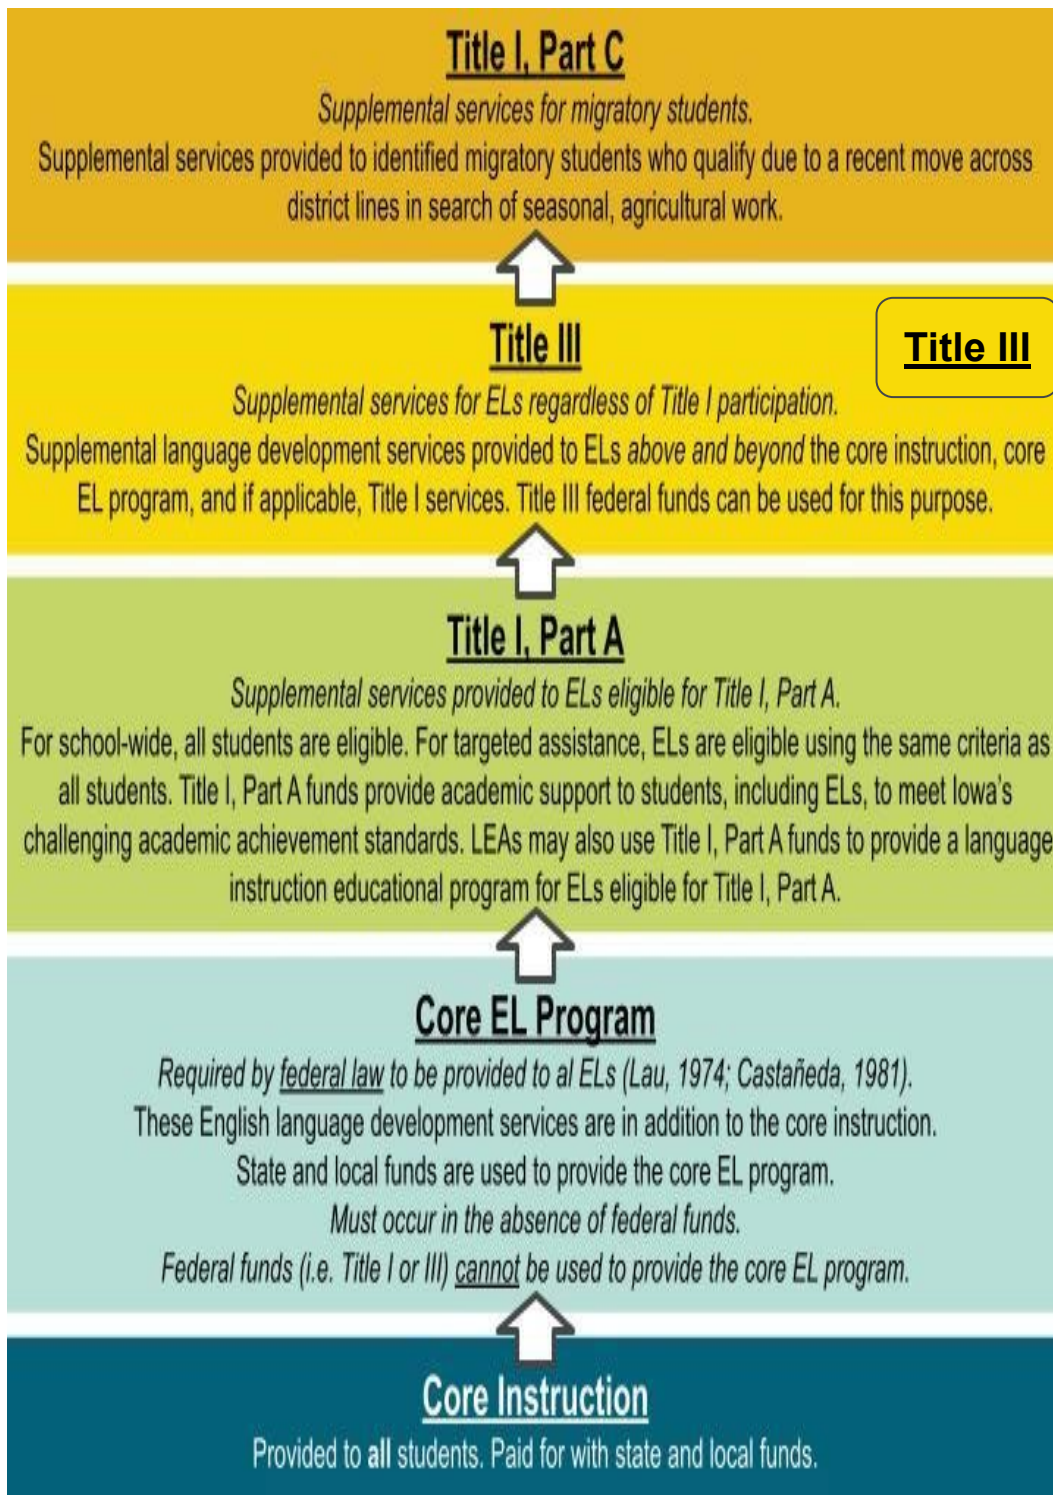

The LEA must only use Title IIIA funds to provide additional (supplemental) services, staff, programs, activities, or materials that are not provided with State or local resources absent these specific Federal funds. Federal funds cannot pay for resources that would otherwise be purchased with State and/or local funds. Additionally, Title IIIA funds cannot supplant other Federal funds (ESEA § 3115(g)).

Use CARE Not to Supplant

If the answer is yes to any of these questions, the activity is supplanting and is unallowable.
