

Building Sustainable Work-Based Learning Programs

Webinar Presented By:

Kristy Volesky, Work-Based Learning Consultant

Supporting Schools and Colleges with Work-Based Learning Programs

kristy.volesky@iowa.gov - 515-971-0669

Welcome to the Iowa Department of Education's Work-Based Learning webinar series! The goal of these webinars is to provide targeted support and strategies to Iowa school districts and colleges and to strengthen internal support for high-quality work-based learning experiences and programming.

Key Strategies

Build Quality Experiences

Utilize academic preparation, partnerships and academic follow-up for quality work-based learning experiences to meet academic goals.

Build an Array of Sequenced Experiences

Use the full work-based learning continuum to sequence experiences to enhance student learning.

Build Your Locally Sustainable Work-Based Learning Program:

1. Take inventory and review gaps in quality and number of experiences
2. Identify communication channels for internal/external communication
