Reporting Requirements for Senate File 2360 Safe Classroom Learning Environments

Required to complete: PUBLIC DISTRICTS, NONPUBLIC SCHOOLS - (state accredited ONLY)

Purpose and Legal Reference:

[Senate File 2360](#) requires annual reporting of incidents of violence resulting in property damage, injury and assault and incidence of referral and/or transfer to a therapeutic classroom for all public school districts and accredited nonpublic schools. Report all incidents that occur in a school building, on school grounds, or at a school-sponsored function by students attending the district. Attending students includes all students who are actively attending school, suspended and/or expelled during the reporting school year.

Guidance:

Injury, property damage and assault must be the result of violence and must be intentional not accidental. This legislation is not intended to document/report minor incidents of property damage such as kicking a ball into the street, breaking your pencil and/or tearing up your own paper. [The definition of assault](#). Injury is defined as:

- intentional. It must be on purpose and may not be accidental, AND
- physical. It must be an injury to a person's body. Mental or verbal insult is not covered by this definition, however may be reportable under bullying legislation, AND
- apparent 24 hours after the incident and may include damage to any bodily tissue to the extent that the tissue must undergo a healing process in order to be restored to a sound and healthy condition. If it is sore or bruised after 24 hours report it.

Therapeutic classroom means a classroom designed for the purpose of providing support for any student whose emotional, social, or behavioral needs interfere with the student's ability to be successful in the current educational environment, with or without supports, until the student is able to successfully return to the student's current education environment, with or without supports, including but not limited to the general education classroom.
